Board of Education

You have now completed your elementary school education, and shortly will be moving on to high school.

You have all demonstrated that you are well prepared to meet this challenge, and I only ask that you embark on this goal with the same enthusiasm and diligence you have shown at George G. White School.

Approach this new experience with that same enthusiasm, and don't let the possibility of failure deter you. It is far better to have tried and failed than never to have tried at all.

Best wishes for the future,

Michael G. Gardullo
Superintendent of Schools

Administration

Principal

You have been taught and guided by your teachers and parents over the years. You have been nurtured and you have progressed in all dimensions. Now you will graduate from the eighth grade. You will be embarking on a new phase in your lives, a period of time where your personal responsibilities for your development will be shouldered by you to an increasing degree. Draw on the sound foundations provided for you by your home and schooling. Continue to strive and move forward. You will succeed!

To all of you- the best of health, happiness and success in the future!

Best wishes,
Ronald Sands
Principal

The time you have been at the George G. White School has been short. However, you have pursued your academic goals and broadened your understanding of yourself.

As you begin your high school experiences, remember what you have learned from your teachers, parents and friends in the past two years. Take from these experiences those things which will help you succeed to the best of your ability in high school. Remember, you as a person must be content with decisions you will make and must accept their outcomes. Most important, be a "full" person, develop and understand what you as an individual will need to achieve your aims and goals.

Best wishes,
Charles P. Maietta
Vice-Principal

Vice-Principal

We proudly dedicate this year's "Memories" to MRS. ROBINSON.
Mrs. Robinson is a great teacher of English. She is co-director of the school play, co-ordinating teacher, and the organizer of the graduation party.

Mrs. Robinson has been an asset to the George G. White School for the ten years she has been here.

KEVIN CALABRO and MEREDITH LEVY are the best looking of the class.

CRAIG DE BARI and MARY PICIOCCHI are the best artists.

BILLY LANDESMAN and MELANIE SASSON can be found practicing as most musical.

Most likely to succeed are BRIAN UTTER and GARGI BANERJEE.

MATT LEVIN and JILL SOBOCINSKI are the best all-round.

JOE BISCHER and ELLEN GLEESON certainly have the best personalities.

Who but JAY GOODMAN and MICHELE HAMLIN would be the most out-going?

DANNY STEIN and ALLISON WEISS are the ones with the nicest eyes.

BRIAN WEINBERGER and BECKY GUTIERREZ can be seen with big smiles.

The biggest flirts in G.W. are MICHAEL GALLUCCI and MICHELE JEFFAS.
