

The image shows the front cover of a book. The background is a dark, textured black. A vibrant rainbow arches across the upper half of the cover, with colors transitioning from red at the top to violet at the bottom. Scattered throughout the black background are numerous small, bright white stars, some of which have a four-pointed starburst effect. At the bottom center, the title 'ODYSSEY 1984' is printed in a bold, metallic, sans-serif font.

ODYSSEY 1984

George G. White
1984 1984
School

Here our odyssey begins. It is a journey through our memories of the past year. With the closing of these pages, the odyssey does not end. It will continue...

Dedication

This year we are proud to dedicate our yearbook to Mr. Kenneth Abrey, teacher of math, science and computers.

Mr. Abrey, a very patient and kind teacher, has devoted much of his time to extra-curricular activities. He coached the wrestling and track teams last year and will coach the track team again this year. Mr. Abrey is also the teacher advisor to the Student Council. He has done much valuable work for George White School.

Thanks to Mr. Abrey we can look back on our experiences with pride and pleasure.

Superintendent

An educated person must continue to develop a curiosity for learning. I hope the years you have spent in the district have developed in you a thirst for knowledge and a hunger for learning.

The Goal of Education

"The ultimate goal of the educational system is to shift to the individual the burden of pursuing his own education."

- John Gardner
