It sounds great, doesn't it? We're talking about the **Hillsdale Free Public Library**, and our doors are open and waiting for you to explore all we have to offer! We have so much going on here, that we are truly Hillsdale's community center, and we have been since 1936.

In the last year, The Friends of the Hillsdale Free Public Library has funded the purchases of a new document scanner & screen, computers, and Chromebooks. We have also continued our ongoing support of the children's summer reading program, and book clubs. Going forward, we are looking at new additions to our Maker Space and upgrades to the facility sound system.

There are three ways you can show what the Hillsdale Free Public Library means to you.

1. Use the library. Come in and see how much we have to offer. Whether you're a newcomer or seasoned library veteran, we're here waiting for you. You can help start new groups and clubs. Photography? Games? Gardening? Any other special interests? Use your imagination!
2. Any donation that you can make to the Friends of the Library will enhance our ability to bring new technology, and exciting events your way. The sole purpose of the Friends of the Library is to support library needs and wish list items.
3. Please let the Mayor and Council Members of Hillsdale know that the library is important to you. Local government support is critical to our success.

Thank you very much for your past, current, and future support of our wonderful library.
